## How do I tag my Samsara vehicles for HAAS Alert?

07/15/2024 12:39 pm CDT

Adding a tag helps segment your vehicles for those that are activated with HAAS Alert versus those that are not. Vehicles may be added or removed from a tag as you need, depending on the Safety Cloud<sup>®</sup> subscriptions you have.

## Create a Tag

- 1. Click on the gear icon 🔅 in the left-side menu to access Settings
- 2. Click on 'Tags & Attributes'
- 3. Click on '+ Create a Tag'
- 4. Click Save
